Confirmation Opportunity for 2012

As you know, the Confirmation experience is a very meaningful time when our youth explore their faith, Jesus Christ, and decide if they are ready to join the church. We ordinarily offer this opportunity during the 8th grade year. **The confirmation experience will begin the weekend of February 18 and 19.** If you are in eighth grade and are interested, please let me know. Recognizing that there are those who become active at Moorings' after the eighth grade year, the experience is open to interested high school people as well. I look forward to working with you during this experience.
